Our Community Courtyards

We are so fortunate here at Parkside Middle School to have five incredible courtyards. Starting in the fall of 2015, we are going to break ground on one of our courtyards and make it functional and beautiful!

The courtyard will include a walkway, sitting area, and four beds for gardens.

We can't wait for our students, here at Parkside, to be able to learn about biology and business in a hands-on environment!

Our Proposal:

In order to make this idea a reality, we need your help with donations!

\$250—Advertisement for your company on our school's newsletter!

\$500—Advertisement for your company on our school's webpage!

\$750—Advertisement for your company on our school's webpage AND an invitation to our grand unveiling!

\$1000—Advertisement for your company on our school's webpage AND an invitation to our grand unveiling AND a park bench with a specialized plaque indicating you helped us with our cause!

Thank you!
